Summer Fun on a Budget

With Mrs. Angela

Summer is just around the corner but don't stress about how to keep the kiddos busy on those hot summer days. There are tons of fun things to do and see around the area that will score major cool points with the kids.

The Fort Worth Museum of Science & History is a great place to keep the kids busy for hours without costing a fortune. They have lots of rotating exhibits throughout the summer as well as several permanent exhibits that are perfect for kids of all ages. They have a dino lab and dino dig where kids can explore fossils as well as a dino dig where kids can discover and dig up pretend fossils. There is also a children's museum designed for kids under age 8. In the children's museum kids can explore live reptiles and amphibians, explore community helpers and even shop at the kids size grocery store.

The forest park miniature railroad is one of our family's favorites and so inexpensive. Its located near the Fort worth zoo and rides into Trinity Park where you can stop and play on one of their 3 playgrounds. he kids will love meeting the conductor and riding over bridges and along the Trinity River.

Love Street Park is also a great place to cool off this summer without spending a dime. They have bike trails, swings, two playgrounds, basketball courts, horseshoes and best of all...a huge splash pad!!! Pack a picnic lunch and spend the day at Love Street park where you can relax and watch the kiddos splash in the water.

No need to stress this summer!!! With so many exciting things to explore in the area your kids will be the happiest kids in town.

Thursday 27th- Kid Connect

Happy Birthday

Sloane, Wyatt, Tatum & Blayne

Happy July 4th

Kid Connect

Painting and hiding rocks is a new and exciting activity that has recently exploded in cities nationwide. Weatherford has recently started a "Weatherford Rocks" facebook group where families can join in on these exciting activities. This month we will be painting rocks for our families to hide in and around Weatherford.

Field Trips

Students qualifying for field trips this summer have been notified. All students on field trips must be potty trained. Qualifying students out for the summer may join us- if parents attend as well. Please remember to arrive at least 15 minutes before departure. This allows each child to potty and for teachers to gather items and load the bus.

Splash Days

On Splash Days our playground is transformed into a fun water park with sprinklers, ball activities, and water tables for the kids to enjoy. Please remember to bring swim suits, towels, and sunscreen on those days. Please make sure that your child's items are labeled. Splash Days this month will be:

- Wednesday July 12
- Wednesday July 26

Water Days will be rescheduled if Weather conditions are not optimal.
