

Dear Faith Academy and all the teachers:

As a mother, your only hope is that you can find someone to take care and love your child even half as much as you while you work. I had always had such heartbreak regarding child care until a good friend, K , told me about Faith Academy. I went and toured it one day and ended up signing him up before I left. I felt so good about the environment and felt like God really led me there. Little did I know my assessment that it would be a "good" place for M was WAY off! Faith Academy was going to be one of the BEST things that ever happened to M and our whole family. You would be hard pressed to find a place like Faith. The obvious things such as: structure, education, good teachers, cleanliness, etc. was all easily one of the top things you excelled at. However, there were things that you wouldn't typically get that exist here that separate you from the rest. My son was cared for as one of each teachers own child. He was comforted, calmed, loved, cheered on, and above all else taught to be a good person and make "the right decision". You gave children the ability to learn from mistakes and grow from achievements. My personal experience came with an even more complex aspect, M medical issues. I can't count how many times doctors or nurses would seem surprised when I would tell them that the school he attended was so involved with his medical situation and the status of his daily situation. I honestly don't think I could have navigated the difficult times without your help with this. It helped me have clarity in situations and gave me knowledge to know how to best help him. I know that this is not "good-bye" from M because he will be back for holidays and the summers (and probably running to hug you when we pick sister up), but I just thought it was an appropriate time to share how much this school and the teachers have blessed our lives. It is truly irreplaceable the impact you have had in M's life. I know he is MORE than ready for the next step and it is thanks to all of you. The best part is I have the next 4 years to look forward to seeing O grow and be a part of the Faith Academy family. Thank you for being M's second family, words truly cannot do my appreciation justice.
