

It is with great enthusiasm that my husband and I recommend Faith Academy to anyone seeking a quality childcare center. Not only does Faith Academy provide a safe and caring environment for our child, they are also highly dedicated educators. Our daughter is enrolled full-time, so we decided it would be best to place her in a Pre-K program that would prepare her with basic skills necessary for her academic future. Faith Academy offers a faith-based curriculum that is age appropriate and fun, yet educational. Faith Academy provides ongoing individual developmental assessments of the students and works with the parents to identify goals to ensure the curriculum is developmentally appropriate. In addition to “school work” my daughter gets to explore and show off her creativity with science projects and crafts. I look forward to opening my daughter’s folder each day to see the amazing masterpieces she and I are so proud to put on display! I have no doubt that my daughter is receiving the highest quality education for her age.

Faith Academy employs highly qualified individuals who are either accredited teachers and/or have a special place in their heart for children. The teachers are competent and genuinely care about each child. We have personally met each of the staff members and are always greeted with a smile. Our daughter willingly participates in activities, she interacts with other teachers and students, and she is not intimidated by her environment. She looks forward to “school” and it makes us happy to know she is always in the best-of-hands. I can say with confidence that Faith Academy has the best staff!! There is zero employee turnover and my daughter’s teachers have been the same since day one! I’m most familiar with Ms. Angela and Ms. Alice and I highly recommend them; although, ALL the teachers, whether full- or part-time, are exceptional. Faith Academy provides its staff with resources necessary to do their designated jobs; which, provides a high level of job satisfaction that indirectly transcends down to how they relate with the kids. It is obvious that Faith Academy cares about its team of great employees, who in turn care about the kids.

Faith Academy prides itself on communication, which is both promised and delivered. We are very impressed with the amount of communication, both in person and in newsletters that we receive on a weekly basis. It is refreshing to be “in the loop” and apprised of daily happenings, upcoming events, etc. Additionally, a weekly newsletter is sent to parents with “at a glance” information for the coming week.... a must-have for the busy household that can only tackle a week at a time.

Removing our daughter from a previous daycare facility was not an easy decision for us and we were honestly not sure what to expect from Faith Academy. We were specifically concerned about having to pack my daughter’s lunch every day and how this would affect our budget and routine at home. With all honesty, it is not a big deal at all. Since, Faith Academy is all about natural and wholesome, I decided to incorporate more of that into my daughter’s lunches. Turns out my daughter LOVES CELERY and carrots....a huge bonus we were not expecting. I am not lying when I say my daughter will request fruit/veggies for dessert when she would normally have chosen a “sweet.” The impact this has had on my daughter is just amazing and I am so proud of her for making good food choices....not to mention, eternally grateful to Faith Academy for their efforts to provide good choices. In a world where it is easier to be convenient and

artificial, Faith Academy believes so strongly about its mission to provide preservative-free food choices that it goes without saying just how much they feel about each child's wellbeing.

Without a doubt we made the best decision to move our daughter here, where she can continue to grow and flourish in a nurturing environment.

Respectfully,
