

# *Faith Academy Programming Announces:*

*Farm to Fiber  
Coming in April*

**Why we should teach our kids about farms:**

- 1. Farming teaches kids where their food comes from**
- 2. Farming teaches kids responsibility**
- 3. Farming teaches kids how to care for animals**
- 4. Farming teaches kids life skills**
- 5. Farming teaches kids safety skills**
- 6. Farming teaches a greater appreciation of food**
- 7. Farming teaches kids about the life cycle**
- 8. Farming teaches kids to have an awareness of weather**
- 9. Farming teaches kids problem solving skills**
- 10. Farming teaches kids hard work and sweet rewards.**

This month Ms Tamara will have monthly activities for the kids that introduce them to the farm (specifically sheep- as we have a herd of them) and hands on activities teaching them about the many things that they are used for. Farm to Fiber will take place on Thursday afternoons at 3:00. Please send children with outdoor shoes (no sandals please) as we will be taking a walk to visit the sheep on several of those weeks for hands on activities.

Each child will need to bring 2 skeins of yarn (colors don't matter- but red heart is a good brand- please no baby yarn).
